

# Six Month Update on the Chronology of the End-Time

15 May 2006

Since the 14 of November 2005 there is no reason to question, yet, that that date marked a covenant between Israel and a number of Western countries, including the U.S.A., that was confirmed by the Antichrist and the False Prophet (most likely by G. W. Bush or Dr. C. Rice). That personal confirmation was meant to guarantee the security of Israel for 7 years from 15 November 2005.

It is only in the Book of Daniel that exact numbers of days are given for specific events, while in the Book of Revelations only chronological order is presented. This means that by assuming that the last day of the End-Time is the 21 of December 2012, we cannot determine the day that all Revelation events occur, we can only determine the order of those events; to determine the day of a Revelation event we must use the Book of Daniel and only a few Revelation events are included in Daniel. For example, on the Chronology Chart the opening of the Second Seal time is shown as 'about Feb 2006'. The Second Seal is the Red Horseman of War and an description of this is given in Revelation, but no date is given nor in Daniel is any date given. Still, in the Gospel of Matthew in the New Testament of the Bible, Chapter 24, Verse 6, when Jesus answers a question put to him by his disciples: "When will this happen and what will be the sign of your coming and of the end of the age?" Jesus answered: "You will hear of wars and rumors of wars, but see that you are not alarmed." Just before this, in Verse 4, Jesus says, "Watch out that no one deceive you. For many will come in my name, claiming, 'I am the Christ', and will deceive many." In this second comment Jesus is referring to the opening of the 1<sup>st</sup> Seal. We have the order of the opening of the first seals but no exact dates can be calculated. It is only from Daniel that we calculated the 14 Nov 2005 date of the opening of the 1<sup>st</sup> Seal. From Daniel we also calculated a date for the Start of the Great Tribulation, which is the breaking of the 4<sup>th</sup> Seal, on 27 April 2009; between these two dates we can only guess as to when the 2<sup>nd</sup> and 3<sup>rd</sup> Seals are to exactly happen, even though we know from Revelations and from the Gospels what those events are and their order of occurrence. Even so, it seems that following the opening of the 1<sup>st</sup> seal on 14 Nov 2005 more false prophets have been preaching and more apostasy has been happening around the world. And, certainly there has been rumors of wars, especially with regard to

Iran, and no let up to the war in Iraq as signs of the 2<sup>nd</sup> Seal may have been opened. My Chronology Chart shows a guess of 'about July' 2006 for breaking open the 3<sup>rd</sup> Seal which would bring on inflation, famine, and disease. These events may happen at any time between 14 Nov 2005 and 3½ years latter, 27 April 2009.

I included in the Chronology of the End-Time, the Peak of Global Oil Production on 24 Nov 2005. This prediction was made by Kenneth Deffeyes, Professor of Geology at Yale University, and shows every sign of having happened, although there is no way of knowing if it happened on that exact date. Even so, global oil production can only peak once and that point seems to have happened, which is a precursor to inflation and famine.

I expect to add another update in about six months.

Happy Landing in a New World!

Charles Berner
