

People say old men have dreams of catastrophe as they approach death. This may be the case with me. The events shown here may be only symbolic of one's own evolution, or they may also be world purifications. I don't know if the dates and the sequence of events are correct. Just in case they are, I thought it best to let you know about the possibility.

While there are trials and tribulations in the end-time scenario, there are also positive results: the Rapture of 21 June 2012, the revealing of what God is on 8 Oct 2012, and the disabling of the Ego ('Antichrist') by 21 Dec 2012.

It was in May 2005 that I first organized this chronology with actual dates. If one assumes that the agreement made between Palestine and Israel and confirmed by the nations of Europe and the U.S.A. on the 14-15 of November 2005 is the confirmation referred to in Daniel, chapter 9, verses 2 to 27, the end of the chronology is the 21st of December 2012, which is also the end of the Mayan Calendar.

Let me have any comments or questions you may have.

Best Wishes, Charles Berner

## Chronology of the End-Time

This chronology is calculated by assuming that the end of the Mayan Calendar, 21 Dec 2012 (Mayan Calendar, baktun 13.0.0.0.0), is also the end of the Biblical end-times, and counting back from that point (seven 360-day years plus 75 days), using the sequence of events given in Daniel and Revelations, to 14 Nov 2005.
